

Education, Literature, and Cultural Arts Committee – Cynthia Griffin and Jamie Lovett, Co-Chairs

To continue the legacy of Fayette county author Dr. Ferrol Sams Jr., Friends of Historic Woolsey's Education, Literature, and Cultural Arts Committee celebrates local and regional authors, literature, art, photography, and aspiring writers. We also promote and educate about the preservation of architecturally, historically, and culturally significant buildings, sites, literature, resources, and landscapes. Join us in our culture corner to help with community, educational, civic, literary, and cultural arts programs and events.
